

1. Power Supplies

SL2711
Switching Power Supply 24V dc 1.3A
DIN rail mounting
Dim.: 2 modules 35x90x54.5 mm (WxHxD)

SL2712
Switching Power Supply 24V dc 2.5 A
DIN rail mounting
Dim.: 3 modules 52.5x90x54.5 mm (WxHxD)

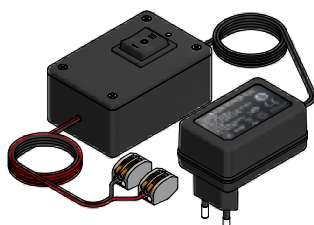

SL2713
Switching Power Supply 24V dc 4.2 A
DIN rail mounting
Dim.: 4 modules 70x90x54.5 mm (WxHxD)

ST1811
Power Supply for configuration, test and assembly of M blinds
With control-LED for main voltage and communication

ST2901
Interface cable for control unit configuration
Interface cable for configuration of control units ST2121 and ST2124 with USB outlet

SL2534
Test kit for 24V dc systems
Power Supply for testing 24V dc blinds on building site

ST1821
Test kit for assembly and test of M blinds
Allows the use of CTS software without PC through connection with Power Supply ST1811 (required)

2. Controls (Standard)

ST2121

Control Module 1 group of blinds (PC configuration)

Control relay for control of up to 4 MB blinds or max 1 external motor blind in one group
Remote control input for superordinate group control (Potential separated)
Individually configurable via Configuration Utility (PC)
DIN rail mounting
Dim.: 2 modules 35x91x62 mm (WxHxD)

ST2124

Control Module 4 groups of blinds (PC configuration)

Control relay for control of up to 16 MB blinds in 4 groups (4x4 blinds) or max 4 external motor blinds (4x1 blind)
Remote control input for superordinate group control (Potential separated)
Individually configurable via Configuration Utility (PC)
DIN rail mounting
Dim.: 4 modules 71x91x62 mm (WxHxD)

ST2821

Current Amplifier

Expansion of a power output control for max 16 MB blinds or max 4 external motor blinds in one group
Only to use with a control module and power supply
DIN rail mounting
Dim.: 2 Modules 35x91x62 mm (WxHxD)

SL1807

Control unit 4 Venetian blinds

Control relay for control of up to 4 Venetian blinds in one group
Remote control input for superordinate group control
Dim.: 40x40x20 mm (WxHxD)

SL1807A

Control unit 4 Venetian blinds "push & retain" operation

Control relay for control of up to 4 blinds in one group
Remote control input for superordinate group control
Dim.: 40x40x20 mm (WxHxD)

SL1807B

Control unit 4 fabric blinds

Control relay for control of up to 4 fabric blinds in one group
Remote control input for superordinate group control
Dim.: 40x40x20 mm (WxHxD)

3. Controls (KNX)

ST3124

KNX 2-wire blind Actuator 4 groups of 24V dc blinds

KNX Blind Actuator for control of 24V dc blinds
4 control groups with max. 4 blinds at a time each
DIN rail mounting
Dim.: 4 modules 71x91x62 mm (WxHxD)

ST3134

KNX 3-wire blind Actuator 4 groups of 24V dc blinds

KNX blind Actuator for control of 24V dc integrated blinds
4 control groups with max 1 blind at a time each
DIN rail mounting
Dim.: 4 modules 71x91x62 mm (WxHxD)

ST2134

LAN 3-wire blind Actuator - 4 x 24V dc blinds

Control module for 3-wire integrated blinds
4 control groups with max 1 blind each
Input: LAN
DIN rail mounting
Dim. 4 modules 72x90x60 mm (WxHxD)

4. Controls (RF)

SL1963

Control unit with integrated radio receiver for one Venetian blind

Quantity of blinds can be increased by expansion
with control unit SL1807 up to 4 blinds at a time
Dim.: 48x43x21 mm (WxHxD)

SL1963B

Control unit with integrated radio receiver for one fabric blind

Quantity of blinds can be increased by expansion
with control unit SL1807 up to 4 blinds at a time
Dim.: 48x43x21 mm (WxHxD)

SL2392S159

Radio remote control

Portable transmitter with LCD display up to 99 channels
Colour: anthracite grey
Dim.: 40x128x11 mm (WxHxD)

5. Cables

Item SL23611000 is part of the blind kit; when ordered separately as a replacement component, its gross price is € 5.50. Items SL23612000/3000/5000/10000/15000 can be ordered either with the blind kit or as replacement components with the following surcharge compared to the kit price.

SL2361

Cable for external connection of M motor

- SL23611000 – L 1 mt (standard)
- SL23612000 – L 2 mt
- SL23613000 – L 3 mt
- SL23615000 – L 5 mt
- SL236110000 – L 10 mt
- SL236115000 – L 15 mt

The surcharge for item SL27100300, when ordered together with a blind kit instead of standard cable SL23611000, is € 3.00; when ordered separately as a replacement component, its price is € 6.00. Items SL27105000/10000/20000/30000 can be ordered either with the blind kit or as replacement components with the following surcharge compared to the kit price.

SL27100300

Motor cable SC (3-wire) 0.3 mt

With (male) connector for connection of motor to other cables
Length: 0.3 mt, cable section: about 4.5 mm
Connector: 6.5x17 mm, 3-wire
Halogen-free.

SL27105000

Connection Cable SC (3-wire) 5 mt

With (female) connector for blind-control unit connection.
Length: 5 mt, cable section: about 4.5 mm
Connector: 6.5x17 mm, 3-wire
Halogen-free.

SL271010000

Connection Cable SC (3-wire) 10 mt

With (female) connector for blind-control unit connection.
Length: 10 mt, cable section: about 4.5 mm
Connector: 6.5x17 mm, 3-wire
Halogen-free.

SL271020000

Connection Cable SC (3-wire) 20 mt

With (female) connector for blind-control unit connection.
Length: 20 mt, cable section: about 4.5 mm
Connector: 6.5x17 mm, 3-wire
Halogen-free.

SL271030000

Connection Cable SC (3-wire) 30 mt

With (female) connector for blind-control unit connection.
Length: 30 mt, cable section: about 4.5 mm
Connector: 6.5x17 mm, 3-wire
Halogen-free.

6. Accessories

SL2444

Set of 3 pieces of one-pole contacts - Grey

One-pole magnetic contacts for transmitting electrical connection and data communication lines on doors and windows in 3-wire motors.

The package contains three couples of contacts

Colours: grey, black (SL2444B160), white (SL2444S102)

SL2187

Couple of one-pole magnetic contacts - Grey

One-pole magnetic contacts for transmitting electrical connection and data communication lines on doors and windows in combination with external motor SL2190.

The package contains two couples of contacts

Colours: grey, black (SL2187B160), white (SL2187S102)

ST9201

Cable Junction

Cable Junction for concealed installation in the window recess

For max. 4.5-mm cable diameter

ST5311

Blind Push Button - Black

Blind group control button as built-in version (rocker switch)

Colour: black

Dim.: 25x31.5x29.1 mm (WxHxD)

SL2417

Carving tool for secondary sealant

ST9304

Wall Mounted Box 4 modules

Wall mounted Box for power suppliers or control units
Dim.: 110x180x82 mm (WxHxD))

ST9306

Wall Mounted Box 6 modules

Wall mounted Box for power suppliers and control units
Dim.: 146x180x82 mm (WxHxD)

ST9308

Wall Mounted Box 8 modules

Wall mounted Box for power suppliers and control units
Dim.: 182x180x82 mm (WxHxD)

ST9310

Wall Mounted Box 10 modules

Wall mounted Box for power suppliers and control units
Dim.: 218x180x82 mm (WxHxD)

ST4801

ScreenTronic App Licence

ScreenTronic App Licence for 1 mobile device
